TOP PERFORMANCE CONTRIBUTORS

Information technology stocks | Holdings in technology, the top performing sector in the market, made a sizable contribution to absolute performance. Positions in the semiconductor stocks Taiwan Semiconductor Manufacturing Company, Ltd. and SK Hynix, Inc. (South Korea) were leading contributors, as was the German enterprise software company SAP SE.

Financials | AXA SA (France), ING Groep NV (Netherlands) and Oversea-Chinese Banking Corp., Ltd. (Singapore) were top contributors.

Industrials | Schneider Electric SE (France), a beneficiary of excitement about the growth potential of artificial intelligence, was a leading performer.

TOP PERFORMANCE DETRACTORS

Materials stocks | This was the only area in which the fund's holdings produced a negative absolute return, but the impact was limited due to the portfolio's small weighting in the sector.

Specific holdings in Asia | Samsung Electronics Company, Ltd., (South Korea), Keisei Electric Railway Company, Ltd. (Japan), and Eisai Company, Ltd. (Japan) were notable detractors at the individual company level.
